DETAILED ACTION

Allowable Subject Matter

1. Claims 1-28 are allowed.
2. The following is an examiner's statement of reasons for allowance: The closest prior art teaches the invention essentially as claimed but teaches separation of the mold only after solder solidification. In the embodiment (Figure 16) teaching mold separation while solder is molten (col 8 lines 6-21), the mold comprises only a single part with no separate matrix. See Ference (USPN 5244143).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion
